Financial Education Workshop for Kids!

LEARN HOW TO MAKE YOUR MONEY GROW

We all know money doesn't grow on trees! There are only four ways to get money: to find it, win it, receive it as a gift, or earn it. Once we get some money, most of us feel the urge to spend it, and then we're back to where we started with ZERO money in our pocket.

How would you like to learn to make your money grow, so you'll always have money in your savings account, but you'll still be able to buy the big kid toys you want like the newest video & computer games, the coolest cell phone, or your very first car? Join us on **Saturday, August 9, 2008 at 10:30 AM** at Wright-Patt's Corporate Office, 2455 Executive Park Blvd in Fairborn for the Navigators Club's Financial Education Workshop to teach our young members how to manage their money! The workshop is intended for young members between 8 and 12 years old.

You'll learn to keep track of your money, and learn to make better choices on what you spend your money on every day. Do you really need to buy candy and soda from the vending machines all the time? Even these

smaller expenses add up at the end of the week. Do you spend more than you need to for school lunch and eating out with your friends? What about ways to earn some extra money like allowances or creating a small business of your own?

All young members who attend the seminar will receive a special gift bag to help them start their good savings habits. You will also have a chance to win some great prizes just by participating in the workshop. Prizes include an Apple iPod, free movie tickets, a \$25 WPCU Visa gift card, financial education books, and more!

If you want to get a head start on learning to save and spend wisely, call your Credit Union to RSVP for the ***Navigators Financial Education Workshop*** at (937) 912-7304 or by email to Navigators@wpcu.coop **no later than Monday, August 4th.**

A parent or guardian must accompany all children.

Need Cash? Find a Summer Job!

HERE ARE A FEW IDEAS...

A smart way to earn some extra cash is a summer job. Being a kid, it's not always easy to find a job, but with a little effort you might get lucky. Here are a few ideas to help you make your decision.

- ▶ Babysitting is an obvious choice. Family or friends with little ones are always a good place to start.
- ▶ Open a lemonade stand! Not only is it fun, you can earn some cash on a hot summer day. Ask your Mom or Dad to help you set it up, but don't forget to pay them back if they help pay for supplies.
- ▶ Walk dogs/care for pets. Lots of people are too busy over the summer to take care of their pets. Start your own pet care or dog walking business.
- ▶ Yard work and gardening is another good idea. Offer your services to cut grass, weed gardens and do general yard work for people. Seniors especially can use the help in the summer.
- ▶ Hold a car wash! Get a group of friends together and with parents permission start your own car wash.
- ▶ Have a garage sale. Clean out your closets, toy chests and basements of all the toys/books you no longer use. You'll be surprised how much stuff you find to sell.

And don't forget to put some of your hard earned money into your **TrueSaver** savings account. At Wright-Patt, all members 17 years old and younger automatically earn a high dividend rate on the first \$500 dollars in their **TrueSaver** account. Save a little now, earn interest, and you'll have the money later for something special.
