

Easy Ways to Pay Your Loan

Save your checks. Save your stamps.
Save your time.

To make life a little easier, below are some convenient ways to save time and money when making your loan payment.

Ways to Make a Payment on Your Own

Mobile and Online Transfers and Payments

Set up one-time or recurring transfers from your Wright-Patt Credit Union, Inc. (WPCU®) savings or checking account, or from another financial institution through WPCU's Mobile or Online Banking. To set up one-time or recurring transfers from another financial institution choose the **Pay WPCU Loan** service. You'll need the routing number and your account number at the other financial institution to make your payment. For your security, your external financial institution will be sent two small deposits and you will need to confirm the amounts in Pay WPCU Loan before you can begin making your first payment.

If you're not currently enrolled in Mobile or Online Banking, you can do so by visiting **WPCU.coop** and clicking on **New User? Register Here** under **Online Banking**, or by downloading our Mobile App and selecting **Sign up**.

Bill Pay from Another Financial Institution

Make a payment from an account at another financial institution using their bill pay service. You'll need your WPCU 13-digit loan number* (see example below), as well as WPCU's address listed below.
